

## **One day tour**

Thank you for contacting us and expressing your interest in visiting sites on Kyusei Nature Farming (KNF) and EM Technology (EM) in Thailand. We at the Asia Pacific Natural Agriculture Network (APNAN) would be happy to guide you to the Kyusei Nature Farming Center located in Saraburi Province, Thailand (Generally Called Saraburi Center)

An Overview of APNAN and Saraburi Center

### **1. Name of APNAN**

- a. APNAN is not a travel or tour agency, but an NPO based in Bangkok, Thailand
- b. APNAN'S objectives include the promotion of research, extension, and education on KNF and EM.
- c. APNAN staff takes interested people to EM/KNF sites on the basis of a spirit of volunteerism and offers their time freely.

### **2. Saraburi Center:**

- a Saraburi Center is a KNF/EM training and demonstration center managed by the Sekai Kyusei Kyo (SKK) Thailand Foundation.
- b. It is located in Saraburi Province, Thailand; about 130 Kms from Bangkok and takes 1.5 – 2 hours travelling time by car.

### **3. The Program at the Saraburi Center**

**On arrival at Sara Buri, the program that is usually adopted is as follows:**

- a A talk by the Director or designated officer providing an overview of Saraburi Center's goals, objectives, and activities.
- b A tour to different units (e.g. bokashi making unit, vegetable cultivation unit, organic garbage recycling unit animal husbandry unit)
- c Snacks and lunch

The Visiting hours are 10AM-1PM (subject to change)

All Explanations and in English

There is no charge for the visit, although donations (big or small) is welcome, which is used for maintenance and the provision of meals to trainees
